01 Product overview

The APC AR106SH6 is a 6U NetShelter wall-mount enclosure that brings 19-inch rack space to places with no floor to spare - retail stores, clinics, classrooms and small offices. It measures 355 mm high, 600 mm wide and 600 mm deep and is a server depth model, taking rack-mount equipment from 72.9 mm up to 528.3 mm deep. That leaves room for compact servers and low-profile single-phase UPS units as well as networking gear.

A single-hinged design with a lockable, reversible perforated front door gives passive ventilation and easy front access. Knockouts in the top and bottom provide 1/2U of space for accessories and cable entry, and an optional fan tray can be added.

The steel enclosure supports 90.7 kg (200 lb) of equipment, offers IP20 protection and is compatible with APC NetBotz security and monitoring options. It ships fully assembled for quick deployment.

Complies with EIA-310-E and UL 2416; 5-year APC warranty.

HIGHLIGHTS

- 6U 19" wall-mount cabinet, 355 × 600 × 600 mm
- Server depth: equipment up to 528.3 mm deep
- 90.7 kg (200 lb) static load
- lockable reversible perforated door
- Ships fully assembled, IP20
- 5-year warranty

KEY SPECIFICATIONS

Manufacturer	APC by Schneider Electric
Model	AR106SH6
Series	NetShelter WX Wall-mount
EAN	0731304402688
Height in U	6U
External dimensions (H × W × D)	355 × 600 × 600 mm
Usable equipment depth	72.9–528.3 mm
Unit weight	14.4 kg
Mounting rails	19" EIA-310 mounting rails
Static load rating	90.7 kg
Front door	Perforated, lockable, reversible
Hinge design	Single-hinged

02 Full specifications
