01 Product overview

The Eaton SR14UBDP is a 14U floor-standing rack from the Tripp Lite Series SmartRack family, built to hold EIA-310 19-inch equipment in server rooms, data centres, IT closets and edge sites. Its external footprint is 717 mm high, 600 mm wide and 1108 mm deep, and it accepts rack devices from 76 mm up to 940 mm deep. Eaton rates the steel frame for 454 kg of static load and 454 kg while rolling.

Security is provided by locking reversible vented front door, locking reversible perforated rear door and locking removable side panels. The enclosure meets the physical-security requirements of PCI DSS for equipment handling payment card data.

Pre-installed removable casters let the cabinet be rolled into position, where adjustable levelers stabilise it on uneven floors. It ships fully assembled for fast deployment. Eaton backs the product with a 5-year limited warranty.

HIGHLIGHTS

- 14U of EIA-310 19-inch rack space, 600 × 1108 mm footprint, 717 mm tall
- 454 kg static load rating / 454 kg rolling
- Adjustable rails accept equipment up to 940 mm deep
- Lockable doors and side panels, PCI DSS physical security
- Pre-installed casters and levelers
- 5-year limited warranty

02 Full specifications

GENERAL

Manufacturer	Eaton (Tripp Lite Series)
