01 Product overview

The Intellinet Low-Profile wall-mount cabinet is a slim 19-inch enclosure for SOHO, residential and AV environments. It projects only 170 mm from the wall yet combines two mounting options: a 4U horizontal 19-inch rail for patch panels and PDUs up to 170 mm deep, and a 2U vertical rail that takes switches up to 280 mm deep.

Model 713689 is a wall-mount network cabinet measuring 540 × 550 × 170 mm (H × W × D), finished in black RAL 7021. Maximum static load is 60 kg. It is delivered fully assembled.

The steel housing with antistatic powder coating is locked by a three-point door lock (two keys included), ventilation slots keep equipment cool, and pre-punched openings on top, rear and bottom accept structured cabling. It is ideal for home automation, surveillance, multimedia and small-office networks, and ships fully assembled. Intellinet backs the product with a three-year warranty.

HIGHLIGHTS

- Only 170 mm deep: 4U horizontal and 2U vertical 19" rails
- Vertical rail takes switches up to 280 mm deep
- Max. load 60 kg
- Three-point door lock, two keys
- IP20 steel housing with antistatic powder coating
- Ships fully assembled, three-year warranty

KEY SPECIFICATIONS
